

# Expand your competency profile for Entrepreneur Coach (EMP Practitioner).

ILD TRAININGS | Entrepreneur Coach (EMP Practitioner)

Permanent change in the economy and society provides for executives and their procreation always new challenges. The answer is fast ability to react, innovation and risk-taking. These thinking and acting distinguish successful intra- and entrepreneurs.

## Why EMP Practitioner?

Success and risk factors are closely interrelated in entrepreneurship. At the same time the entrepreneur himself is one of the biggest success factors. Since there is no perfect entrepreneur, it is important for every executive or organization to become aware of their strengths and areas of learning to be able to cope with challenges.

## Entrepreneur Mindset Profile™

Successful entrepreneurship is based on the interaction of personality, skills and experience of entrepreneurs. The EMP is a unique protected test procedure (Leadership Development Institute, Eckerd College, USA) to measure 14 key personality traits and abilities, which distinguish by their easy usage and good visual demonstration of the results.

## Good for your Portfolio

With the international certified training for EMP Practitioner you expand as a consultant, trainer, coach and HR Professional your business portfolio and you can use the EMP procedure in the work with your clients.

Operational area:

- Individual- and Team-coaching
